

“More than a place to sleep.”

One of Paris' high points is Les Halles, the historical area of the City of Light. At the heart of the district, you will find the **Novotel Paris Les Halles**, a hotel like no other.

Featuring a modern and elegant design, the rooms and suites offer top notch services and amenities for a most relaxing stay in Paris.

Yet, **this characteristic 285-rooms hotel** will make you forget that you originally came just for a hotel room. Restaurant, tea time, bar, and even unique meeting and event rooms with the *Atelier H*, the hotel feels like a home away from home.

#### JARDIN PRIVÉ // THE RESTAURANT

Thanks to the leadership of Chef **Jonathan Brandouy** and the local producers, the cuisine is serving up plenty of meals for your next Parisian adventure.

#### T'TIME // TEA TIME

If you could be anywhere in the world right now, you would be at the *T'Time* eating **Quentin Lechat's** pastries under a giant winter bubble or in a quiet summer garden.

#### BAR PRIVÉ // THE BAR

The bar stays open until 1am and changes its cocktail list seasonally. You'll also enjoy live performances by Parisian artists 4 nights per week.
